Meeting Report for 09/12/2024

Capstone

Professor Finkbine

Reached out to the owner of CCC expressed we had the database tables set up and confirmed on who she would want to access the SOS notifications. Discussed with the team in discord over possibly in the end if we have time adding in the fire marshal, and chief of police. Expressed future risk of the DOD charging for gps locations if they wanted to. Let her know of cost of licensing for the apps to be public and running. She said when we cross that bridge she would help with the cost.

Team talked from 10:24 am to 11am possibly speak more throughout the day I will update if so.
