Cheyenne, Bailey, and Brandon

Meeting November 5

Design Capstone

Professor Finkbine

11/5/2024

Meeting from 8-

- Talked through RF-4

    o Cheyenne had questions 1 and all the bulletin points at the bottom of RF-4
    Completed as well as her part in individual contributions and her personal
    information. Also did formatting in the beginning of the document and shared it
    out with the entire group. Also working on the front end as well.

    o Bailey has been working on the back end with a 500 error with the app as well as
    RF-4 he added in the notes in procedures & He also answered question 3.

    o Brandon worked on RF-4 completed question 3 and is working on the front end of
    the project as well.

- Bailey assisted Brandon and I with installation of MySQL Workbench

To do

- Work on PyCharm
- Finish RF-4
- Work on getting this to work fully
